Sanfordville Elementary will be having a children's book drive beginning Monday, April 23, 2007, and continuing through Friday, April 27th which will coincide with "TV Turnoff Week". We are calling the program, "Book Friends - Keeping Children and Books Together" and hope to make this a regular event. Please have your children bring their "no-longer wanted" or outgrown books to school during 4/23 - 4/27. Book containers will be placed outside the office in the school lobby. These books will be distributed to various children's facilities, including homeless shelters, that have a great need for books for children of all ages. So, please send in age appropriate books. Remember books are gifts that can be opened again and again.
